

Namrata Baldaniya

 namrata-baldaniya-360576211/  NamrataBaldaniya  namratabaldaniya07@gmail.com
 9328125607

Education

LDRP -ITR 2019 - 2023
Bachelor of Engineering Computer Engineering, 8/10 Gandhinagar,Gujarat

Experience

Scanpoint Geometric Limited Feb 2023 - May 2023
Product Development - INTERN Shilaj

Developed multiple software applications using C++ and MFC frameworks, including projects with SDI,MDI and COM interfaces.

Proficient in designing and implementing Object-Oriented Programming (OOP) concepts in C++ and utilizing the MFC library to create GUI based applications.

ShapeAI Jun 2021 - Oct 2021
Data Science Intern Remote

I have acquired knowledge about Python programming language, Data Analysis, Machine Learning, Deep Learning during the internship.

[Link](#) 

Skills

Languages
Python, SQL, C/C++ , MFC

Libraries
Scikit-Learn, Numpy, Pandas, Matplotlib, Seaborn, Tensorflow and Keras

Concepts
Machine Learning, Statistics and Probability, EDA, Object Oriented Programming , SDI, MDI , COM

Projects

IPL score predictor

- Build the model using Random Forest Regressor and used Randomized Search CV to tune the Hyperparameters to increase the Accuracy of the model.
- Did Detailed Exploratory Data Analysis.
- Clean and preprocessed the data and made final csv file to train the model

Car Brand Classification

- Simple image classification project done by using resnet50 transfer learning technique.

Twitter Sentiment Analysis

- Simple image classification project done by using resnet50 transfer learning technique.

Other Projects (Models)

- Flight Fare Prediction
- Gold Price Prediction
- Big Mart Sales Prediction
- Breast Cancer Classification
- Heart Disease Prediction

Certification

Python For Data Science 
Cognitive Class | Issued: May 2021 • Never expires

Data Visualization With Python 
Cognitive Class | Issued: Jun 2021 • Never expires

Data Analysis With Python 
Cognitive Class | Issued: Jun 2021 • Never expires
